## School To Open Sept. 1

About 1,550 students are expected to attend opening classes in the Cameron Schools on September 1, according to Supt. D. R. Dodson.

Pre-school registration for students in Ben Milam and Ada Henderson was held Monday of this week.

All Yoe High School students will register according to the following schedule:

Seniors—9:30 a.m., August 25; Juniors—1:30 p.m., Aug. 26; Sophomores—9:30 a.m., Aug. 27; Freshmen—1:30 p.m., Aug. 27.

High school pupils reporting for registration should bring pen and notebook paper. Registration will include filling out census registration cards, making a copy of the student's schedule, home room assignment and locker number and receiving instructions concerning school regulations. Pupils will meet in the auditorium at the designated time for registration.

Registration for all O.J. Thomas pupils will be held on Aug. 31. Principal Albert Whiteside said the high school students, grades 9 through 12, will register in room listed at the school. At this time they will make out their schedules. All first graders and all elementary students who have not submitted their choice slips will register at the school gymnasium. Whiteside noted that students in elementary grades, other than the first grade, need not come for registration if they have turned in their choice slips.

Each first grade pupil is required to bring a birth certificate

showing that he will be six years old on or before the first day of September. He must also have a certificate of health or a statement from a physician showing he has taken the DPT shot series.

Supt. Dodson said Sept. 1 will be a full school day with classes beginning at 8:30 a.m. Full bus service and lunchroom facilities will be available.

### ST. ANTHONY SCHOOL

St. Anthony Catholic School is expecting an enrollment of some 200 pupils when school gets underway August 30.

The first two days of school, August 30 and August 31, will be half-days from 8 a.m. until 12 noon. On September 1 the school will begin regular hours from 8 a.m. until 3 p.m.

Buses for St. Anthony will begin in full operation on August 30.

Officials said due to an increase in the school enrollment, an additional teacher has been employed and work is underway to construct an additional classroom.

### City Temperatures

#### Drop After Four

#### 100 Degree Days

Cameron temperature hit its highest mark of 104 degrees on August 20 and remained at that point for four days, according to Water Supt. Alvin Hefft.

Temperatures dropped when .75 inch of rain fell Tuesday adding to the .25 of an inch of rain that fell Monday evening. Prior to this week's rainfall, only .91 inch of rain had been recorded.

The 1.04 inches of rainfall in August brought the yearly total to 27.31, somewhat higher than the normal at this time of year. Hefft noted. The average normal rainfall is 32 inches.

### 3 Escapees Back

#### In Lampasas Jail

Milam County Sheriff Carl Black said Riley Whittington, about 30, of Cameron, is back in the Lampasas jail following a jail break last week in which Whittington and two other men escaped.

Whittington, who was in jail on burglary charges, and the two other men escaped last week and were picked up Friday. Whittington was arrested at Kemper and the two others were picked up near Brownwood.

Without thinking, he replied: "Yes, Mam."

They got the meal.

Renato Simplicio Lopes, 33, of Brazil, a one-day visitor to Cameron and Milam County, explained the aspirations of his native Brazil the other day, speaking of agriculture in his Portuguese-language nation which is about the size of the U.S.

Minas Gerais, the Brazilian state where he is the equivalent of a District Agent in their Extension Service, is about the size of Texas. So he was conversant with Texas-type expense of land.

The main difference he found, comparing agriculture economies, was the major difference in technical advancements of Texas over development in his state. Their economy is just beginning to move into the technology of farming that has altered Texas agriculture into a major industrial complex of its own.

The 33-year-old, a graduate student at the University of Wisconsin, stayed overnight at a Cameron motel, traveling with his wife and three children, the youngest, incidentally, a month-and-a-half old.

"We have a climate for all kinds of crops," Lopes said in good English. "From the south to the north part of our country, we can pro-

MONICA MIKULA

## Local Girl Wins Catholic Award

Monica Mikula has been selected as the Outstanding Catholic Youth of the Austin diocese for 1964 and was recently honored at the Eagle of the Cross banquet.

Each year, every parish in the diocese is invited to submit the name and qualifications of their outstanding youth. From among these are picked winners for each of the five CYO districts in the diocese. The Diocesan winner is selected from this group of district winners; and named to the National CYO, to compete with outstanding youths of other dioceses, and the winner receives a scholarship.

Miss Mikula is the daughter of

Mr. and Mrs. Pete Mikula of Cameron. All are members of the St. Monica parish. She is active in her local club, being the editor of the CYO paper, has served as spiritual, cultural and social chairman in her club; is currently vice president of the Cameron district CYO and has served as its secretary.

Last year she was selected "Best Actress" in the one act play contest. Monica is likewise active in school; National Honor Society, Spanish club, Future Nurses, Junior Historians, Science club and band. In the parish, she plays the organ, sings in the choir and baby sits for the CCD.

## Kemble Resigns, Takes Supt. Post

Supt. D. R. Dodson has announced the resignation of Yoe High principal Frank Kemble.

Dodson said, Kemble resigned his position here to accept the Thornedale school superintendent's post. He was elected by the Thornedale school board Monday.

Kemble came to Cameron last August from Eldorado where he was school principal for six years. He had served at Groesbeck as

high school principal for eleven years.

A graduate of Baylor University, he received his Bachelor of Arts degree in 1948 and his Masters degree in 1954.

Kemble, 46, is married and has one daughter, Karen, who will be a sophomore at Southwest Texas State College next fall.

Supt. Dodson said applications are now being accepted to fill the post vacated by Kemble's resignation.

## Brazilian Compares Farming

duce rice, sugar, beans, bananas and wheat." Brazil's mean temperature is about 65 degrees.

### REGIONAL SUPERVISOR

Lopes' job is that of regional supervisor of Machado Region,

part of the state of Minas, which has about 200 counties or districts and is about the size of Texas.

"Minas Gerais was the first Brazilian state to establish an extension service," Lopes said. Capital of the state is Belo Horizonte, a city of about a million, about double its population of 10 years ago since the migration of the farm worker to the cities in Brazil began.

"Our extension service is introducing fertilizers, better seed, hybrid corn for better yields," Lopes said. "We are showing farmers how to increase yield in corn from 100 kilos to 6,000 kilos per unit of land."

The larger farmers, in order to maintain production and offset the problem of limited farm help, are going to mechanization though the dairying industry there has not passed through the handmilk stage.

### LOW LITERACY

"One problem is Brazil's rate of literacy, which is about 40 per cent at present," Lopes noted. "Schools are being or have been built in all the smaller villages to improve the illiteracy problem."

## Tragedy Strikes 3

### Yoe Football

### Player Dies

### After Workouts

Yoe High football player, Randy Green Knight, 15, died Monday night of an acute heart failure and a complete autopsy showed no evidence of any injury, according to Dr. S. H. Richardson.

The autopsy, conducted Tuesday morning by Dr. K. P. Wittstruck, Waco pathologist, stated that the youth had an acute heart failure with an acute enlargement of the liver. This was thought to be due to congenital (at birth) ailment of the aorta (main artery from the heart). The aorta was inadequately small, said spokesman Dr. Richardson. He said the autopsy showed no evidence of any injury suffered by the youth.

Knight, son of Mrs. Ruth Knight Harris, collapsed in the Yoe gymnasium dressing room Monday night following football workouts.

Dr. Richardson said he died about 10:10 p.m. Coach George Kirk said Knight reportedly sunk to the floor of the dressing room and complained about his chest hurting. Artificial respiration was administered while the ambulance, fire department and medical doctor were being summoned.

Knight, who would have been a sophomore at Yoe High this year, had played on the varsity team at O.J. Thomas last year, according to principal Albert Whiteside. The principal said to his knowledge the 150 pound youth had shown no previous signs of any disorder.

The youth was presently living with his grandmother, Lillian Cavannah, at 913 West 8th.

### SERVICES

Funeral services will be held Thursday at 2 p.m. at the Cameron Grove Baptist Church. Rev. L. L. V. Jones will officiate with burial at the Cameron colored cemetery.

He was born March 26, 1950, in Cameron.

Survivors include his mother and grandmother, five sisters, Shirra, Lillian, Renetta, Marilyn and Sheila Knight and a brother, Ronnie Joe Knight.

## Youth Drowns In Little River

The body of Thomas "Tim" M. Fisher, 16, who drowned in Little River Tuesday, was taken to Grand Prairie Wednesday where services were pending at the Moore-Brown Funeral Home.

Fisher drowned about 2:45 p.m. Tuesday near the Salem River Bridge 8 miles southwest of Cameron.

He was in a group of Explorer Scouts from Troop 195 of Grand Prairie. The troop was making a canoe trip down the Little River. Seven Scouts and their supervisor entered the river at Belton Saturday, in four canoes, en route to the mouth of the Brazos.

Robert Koennecke

## Lions Governor To Visit Cameron Mon.

Lions District Governor Robert Koennecke of Seguin will conduct his official visit with the Cameron Lions Club here at 12 noon Monday, August 30, at the Texan Cafe.

While here, District Gov. Koennecke will meet with Lions Club officials to discuss their organization's program of work. He will also address the Lions Club at its regular meeting.

A member of the Lions Club since 1943, Gov. Koennecke is a public accountant in Seguin. He was elected district governor in June at the annual convention of District 2-S-3, composed of 46 Lions Clubs in 40 Central Texas communities. The District stretch-

They stopped to camp at the Salem River bridge. Witnesses said Fisher, who was subject to epileptic seizures, apparently suffered an attack and fell into the river. Attempts to rescue the 235 pound, 6'1" boy failed.

The Cameron Fire Department, Highway Patrol and Sheriff's Department answered the call. The youth's body was recovered three hours later by the Fire Department crew.

Justice of the Peace Jess Brock ruled the death was due to accidental drowning.

Officials said scouts were under the supervision of Albert Cupo, an engineer with the Corps of Engineers. This canoe trip was not the first venture by the scout troop.

The scout troop was housed Tuesday night at the Cameron National Guard Armory. They did not continue the trip.

The victim was the son of Mrs. Frances Fisher of Grand Prairie and J. P. Fisher of New Orleans, La.

He is also survived by grandparents, Mr. and Mrs. Monroe Wright of Muskogee, Okla.; two sisters, Karen Hawkins of Irving and Barbara Harris of New Orleans.

He was born February 19, 1949, in Little Rock and was a member of the First Methodist Church. The youth had recently moved to Dallas.

### Two Men Charged

Two men remain in Milam County Jail Wednesday charged with murder with malice and one more man is expected to be arrested in connection with the death of Simon Amador, 48, of Burlington.

Amador was stabbed to death at 11:15 p.m., Sunday at the La Rumba tavern in south Cameron.

County Attorney John Henderson Jr. said the two charged are Hipolito Gonzales, 22, of Troy and Phillip Camacho, 23, of Waxahachie.

Justice of the peace, Jess Brock said their bond was \$10,000 each.

Milam County Sheriff Carl Black, who directed the investigation, said Amador was cut several times about the head and had a large wound in his neck probably caused by a broken bottle.

Black said the men got into an argument and the fight followed. Several others were involved and another man known only by the name of "Pedro" was injured and required 25 stitches about the face. He was taken to St. Edward Hospital for treatment.

The murder with malice charges were filed by Sheriff Black Monday with Justice of the Peace Jess Brock.

Assisting in the investigation were Highway Patrolman Leroy Broadus, Warren McCall and other officers from the sheriff's department.

### 8 FB Queen Crown

Miss Coty Jo Brown of Rockdale has been named 1965 Milam County Farm Bureau Queen by Mrs. Earnest E. Dodd chairman of the Queen Contest Committee.

Miss Karen Fontaine, first winner, will be married, disqualifying her from participating in the contest.

The daughter of Mr. and Mrs. Joe Brown, Miss Brown will represent Milam County in the District 8 Farm Bureau Queen contest to be held August 23 at Lampasas.

Miss Brown is eighteen years of age and will be a freshman at Sam Houston State University in September.

## C. H. Yoe Home Built For Children

By Lois Sapp

In the large two-story white house at 903 N. Houston once lived a couple who were known for their love of life and children.

It is the old home of Mr. and Mrs. C. H. Yoe built in a massive style on the one block site with the dream to have it filled with children.

But the Yoes had only one child, a little girl, who died at the age of five years.

When this child died, Mrs. Yoe began entertaining all the children

of the neighborhood, always having a large group in her home and playing under the many trees that shaded the home.

### FOUND CITY

Mr. Yoe was said to have been a simple man and the story goes that he got on a Santa Fe train in 1896 and just kept riding looking for a place he liked. That place happened to be Cameron and he opened a blacksmith business which he operated most of his life.

He married the former Carrie Meyers, daughter of Frederick and Caroline Meyers. They had come to Milam County in 1843 and Carrie was the first white child to be born in Cameron.

The Yoes were inseparable and they always traveled in their survey together. A German born man, Mr. Yoe was a frugal man and accumulated a sizable fortune by wise investment of his earnings.

In 1893 they acquired their home site from R. H. Moseley and built one of the finest homes in Cameron. The home was the

entire block of land known as block 22 of the Reese addition.

### CIVIC LEADERS

The Yoes were leading members of the Presbyterian Church and Mr. Yoe was active in several business undertakings here in Cameron.

"The highlight of their lives was the birth of their daughter. Then tragedy struck five years later. This little girl was the inspiration that spurred the Yoes on to build a lasting memorial 'Yoe High School.'"

They wanted to do something to serve the children of Cameron. They pondered many ideas before they decided on the high school. The Yoes each promised the other that their plans would become a reality one day.

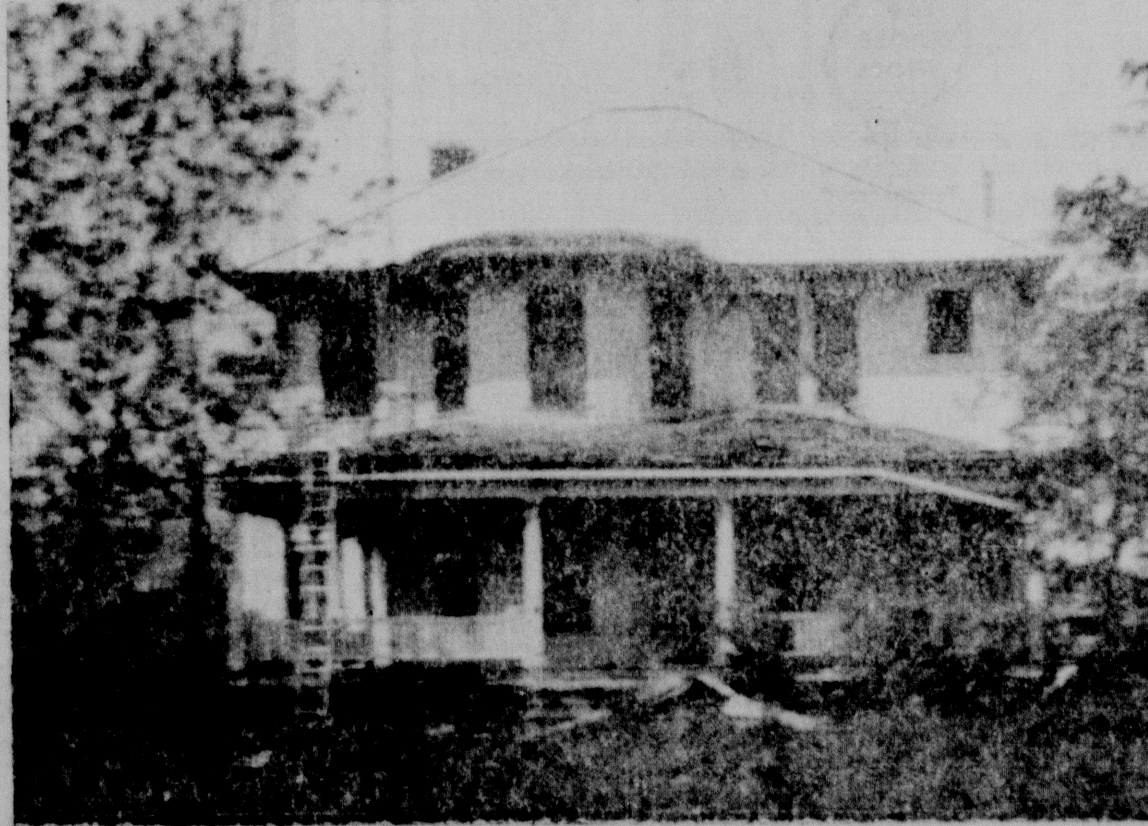

Three years following the death of C. H. Yoe in December, 1917, his wife saw their dream come true and Yoe High was dedicated.

Mrs. Yoe continued to live in their large home until her death on June 24, 1922.

### YOE MEMORIALS

She watched the first memorial procession, the traditional Yoe Day ceremony, from her window as children and faculty from Yoe High marched past her home. Each child carried a bouquet of flowers to place on the grave of Mr. Yoe. This memorial is a part of the school today as it has been for the past 44 years, now paying tribute to both Mr. and Mrs. Yoe.

Through the years, the Yoe Home has changed much in appearance. Mrs. Daisy Sprinkle Sprott purchased the Yoe home and still owns it. Historians say it is now being restored by Mrs. Sprott or her children.

### Herbie Nance Wins Top Design Award

A youthful Cameron resident, Herbie Nance of 708 N. Fannin, has been honored with a Junior Engineer Certificate of Award from the Toy Tinkers, division of A. G. Spalding & Bros., Inc.

Herbie received the award for creating an original model made from a Toy Tinker construction set.

Along with his certificate, Herbie received the news that the model will automatically be entered in a nationwide competition to find the most imaginative creation of the year. First prize is a \$1,000 Savings Bond Scholarship Award and an expense paid trip to New York City for the winner and his or her parents. Each of 50 state finalists will receive a handsome mounted wall plaque.

The award certificate reads, "In recognition of creative imagination, ingenuity and skill, the Toy Tinkers offers this certificate as evidence of this achievement."

Last year the Hornets suffered one of their worst years in its history with a 0-10 record and scoring only seven touchdowns in the ten games.

Running punch is expected from juniors Garland Horak and Skelly Strong, with tackles John Maldonado and Carl Rosenkrantz and center Billy Kornegay adding the needed muscle up front.

Coach Stone noted that the squad will be young, small and inexperienced but prospects are brighter than last year.

Mr. and Mrs. Owen Weems of Jacksonville visited their families in Cameron this week.

**VETERAN QUARTERBACK** — 6'1", 175 pound senior Mack McKinney is back for his fourth year at the quarterback slot on the Cameron Yoemen 1965 grid team. His experience, which he started gaining as a freshman, is expected to strengthen the Yoe team this year. Other strength at that spot will come from junior Don Mitchell, a 5'9", 137 pounder and Glenn Fogle, a 6', 151 pound sophomore. Along with his quarterback duties, McKinney will be calling the signals as a co-captain along with other veterans, Mike "Bull" McDaniel and James Hosch. The 5'10", 144 pound Hosch is one of the five starters returning and will add strength to the line in his tackle position.

### Mrs. Burnett Named Mothers MOD Head

Mrs. Griffin Burnett has been selected by the National Foundation of The March of Dimes to be the mother's march chairman for Milam County for 1966.

Mrs. Burnett resides with her husband and four children at West 22 St. in Cameron.

SAN GABRIEL-

By Mrs. H. H. Linke  
The infant son of Mr. and Mrs. Dennis Simank and the grandson of Mr. and Mrs. Ike Camp is critically ill in the Scott and White Hospital in Temple where his illness has been diagnosed as spinal meningitis.

Mrs. Fred Wilson underwent major surgery at Richards Clinic Monday morning for the removal of her gall bladder. Her mother, Mrs. Dan Cowan, her sister, Mrs. Tom Grimes, and her brother-in-law, Mr. Calvin Brown, all of Robstown, were here for the weekend in order to be with her during surgery.

Howard Fulcher Jr. of Houston spent from Tuesday until Thursday visiting his parents, Mr. and Mrs. Howard Fulcher.

Sunday guests of Mr. and Mrs. Buddy Limmer were Mr. and Mrs. Freddie Zapalac of Taylor.

Mr. and Mrs. Bill Hill and family of Amarillo spent part of their vacation here this week with Mary Ann's mother, Mrs. Lillian Garner. On Sunday morning Bill brought the special music at the Baptist Church during the worship hour.

The Rev. N. B. Moon, the area missionary of Bell and Williamson Associations, brought the morning message Sunday at the San Gabriel Baptist Church as Rev. Farmer was at Dyess Grove Baptist Church at Nolansville holding a revival. Mrs. Moon also taught the Sunday School lesson to the ladies of the Beacon Class.

Nell and Hugh McMillan spent the weekend in Houston with Mr. and Mrs. David McMillan. Young John McMillan, who had spent the past three weeks with his grandparents, returned to his home with them.

Louis Gifford has gone to Friarona for a week vacation with his sister and family, Mr. and Mrs. Curtis Zieschang and sons. They went to visit Curtis' parents, Mr. and Mrs. Roy Zieschang.

Fall Wedding For Mary Ann Newton,

Mr. and Mrs. Walter Oliver Newton Jr. of Belton announce the engagement of their daughter, Mary Ann, to Mr. John Edgerly Walker, son of Mr. and Mrs. Dexter Augustus Walker of Sarasota, Fla. A fall wedding is planned.

Miss Newton has completed work toward a Bachelor of Business Administration degree at Baylor University. She is employed in McGregor. Mr. Walker has served in the United States Air Force, attended the University of New Hampshire and plans to resume his studies at Baylor University in the fall. He is employed in Waco.

Miss Newton is the granddaughter of Mrs. W. O. Newton of Cameron.

PERSONALS-

Mrs. W. R. Newton Sr. has returned from Dallas where she has been visiting with her daughter, Mrs. William W. Harvey, formerly Nancy Newton, and her husband and grandchildren. While there, she attended the Summer Commencement Program of Texas Woman's University. Mrs. Newton's alma mater. Her daughter, Mrs. Harvey, received the Degree of Master of Arts. The title of her thesis was A Comparison of Vocational Success in Trained and Untrained Male Retardates. She was accompanied to Dallas and Denton by another daughter, Mrs. Henry S. Schieffer (Mary Newton), and granddaughter, Nancy Jo, who live in Waco.

Mr. and Mrs. John Henderson Sr. left Saturday for Washington, D. C. where they will visit their daughter and son-in-law.

Visiting in the home of Mr. and Mrs. Larry Jensen this week are his daughter, Karen Lanelle of Louise, and his sisters, Joyce Christine and June Sandra of Blessing.

Pope-Campbell Vows Exchanged

Miss Eleanor Ann Pope became the bride of Mr. Robert Harris Campbell in a double ring ceremony Saturday afternoon, August 7. The bride is the daughter of Mr. and Mrs. Homer Cullen Pope of Sharp. The groom is the son of Mr. and Mrs. Harris Campbell of Centerville.

The Rev. George Doss read the vows. The ceremony took place in the United Presbyterian Church in Sharp. Baskets of white gladiolus decorated the altar.

The bride, given in marriage by her father, wore a formal-length gown of silk organza. It was fashioned with a round neckline, short sleeves, and a bell-shaped skirt. The bride's only jewelry was a string of pearls, a gift of the groom.

Her shoulder-length veil fell from a cluster of silk organza roses. She carried a bouquet of white carnations centered with a white orchid.

Miss Kay Campbell, sister of the groom, was maid of honor. Mrs. Robert Pope, sister-in-law of the bride, was bridesmaid. They wore pink peau de soie dresses and carried single long-stemmed pink carnations.

A reception was held in the church annex following the ceremony.

The bride's table, laid with a tiered lace cloth, held the three-tiered cake and the punch bowl. Mrs. Edward Lilley cut the cake and Miss Jean Kubiak served the punch.

Miss Carolyn Pope and Miss Margaret Ann Pope, cousins of the bride, registered the guests.

The bride is a graduate of Sam Houston State College where she was a member of ACE, TSEA, and Kappa Delta Pi. She was an honor graduate of Sharp High School and attended Blinn College. The groom is a graduate of Blinn College and of Sam Houston State College.

The couple will make their home in Houston where both are employed by the Cypress-Fairbanks Independent School District.

## Pork Prices To Remain High

**COLLEGE STATION**  
It appears that 1965 is going to be a rough year for "bringing home the bacon," says Ed Uvacek, Extension livestock marketing specialist at Texas A&M university. He is referring to unusually high prices for bacon and other retail pork cuts.  
Housewives are currently paying around one dollar for a pound of good quality bacon, and from all indications prices will remain above normal throughout the year, Uvacek adds.  
An insufficient supply of slaugh-

ter hogs is causing the increase in prices, economists explain. During most of 1964, market prices for slaughter hogs were low compared to production costs. As a result, producers responded by reducing hog raising operations.  
Production figures reveal that Texas' pig crop for the period of December, '64-May, '65 is down 10 per cent from a year earlier. Slaughter hogs presently reaching market were born during that period, and the decrease in supply is maintaining the higher retail prices.  
Indications are that pork supplies for June-November of this year will be about 7 per cent less than those for the same period last year, Uvacek states.

Yoemen Take On Hillsboro Friday

Cameron fans will have their first opportunity to see the Yoe power in real action Friday August 27, when they meet Hillsboro in a scrimmage game. Game time is at 7 p.m. at Hillsboro stadium.

The scrimmage game will give them a taste of what is in store when the non-district season gets underway September 3. In their first game they travel to Rosebud to meet the Black Panthers in their traditional battle.

Twenty nine boys are vying for starting positions on the 1965 Yoe-man team. Five are starters (those who played five games or more) on the 1964 District 17-AA championship team. There are 14 lettermen working out. Coach George Kirk said 75 boys are out for the varsity, "B" team and Freshman teams.

Leading the Yoemen in the captain slots will be Mike "Bull" McDaniel, Mack McKinney and James Hosch.

McDaniel, 186 pound senior, is pegged for the starting fullback, but is being pushed by Jack McKinney, a junior up from the B-team and two players up from the freshman team, Wayne Kirk and James Dohnalik.

Vying for the right halfback spot are three lettermen, Don Manley, Doug McFarland and

Bill Goeke.

Strength is also evident in the left halfback slot with James Hoskins, Leo Michalka and Forrest Green strong in this position.

At quarterback will be veteran Mack McKinney with Don Mitchell, 157 pound junior and Glenn Fogle, 151 pound sophomore, establishing a strong reserve.

Four players are working for a starting position as an end with Newton Burnett, James Vogelsang, Eugene Zalesky and Jim Lafferty. Lafferty is up from the freshman team while the other players are returning lettermen.

Working at the tackle spot are James Hosch, Joe Fisher, David Kratochvil, Bobby Schiller and Kenneth Angell.

At guard will be Joe Mueck, Jimmy Kopriva, Dennis Rose and Frankie Mikulec.

At center will be Larry Shuffield, 184 pound, 6' junior or Steve Smith, 5'9", 163 pound junior. Both are up from the B-team.

Drying Sleeping Bags

Sometimes sleeping bags get downright soggy overnight. You can dry them quickly by spreading them over an opened car hood and starting the motor.

Turn bags now and then, just as you would a pancake.

Eagles, Yoemen Lead Dist. Hopefuls

Hearne and Cameron head the District 17-AA championship hopefuls this season making October 15 on the schedule a red letter day for both teams. That is the day they meet here to test the other's strength.

Observers say Hearne has its best team since an 11-1 unit in 1961. Cameron, District 17-AA Champs last year, has in turn been selected as the number 19 double A team in the state.

Rockdale, the top team in 1962 and 1963, Caldwell, a team which hasn't been in the playoffs since 1929, and Navasota, a championship winner in 1948, are said to have too many young hands to move this year but may surprise the predictors.

District 17-AA teams at a glance:

HEARNE

Last year Coach Ben Batson's Hearne Eagles won four of the first six games before injuries put them out of the running.

This year the Eagles are back strong and have some fair depth from sophomores and juniors. They are bigger and faster and could be real tough.

Power in the backfield will come from: quarterback Frank Martinez, halfbacks Joe Wilson and James Baker and fullback Pete Martin. If Coach Batson's appraisal is correct, his backfield combination is one that will hit touchdown territory often.

A good defense in the line will be led by Bobby Batson, George Sisson and Kenneth Stone.

Seniors: Ronnie Shaw, E. 170, 2L; Bobby Batson, T. 225, 3L; Frank Martinez, B. 160, 2L; Bob Cruise, B. 170, 2L.

Juniors: Bill Sweet, E. 175, 1L; Douglas Utecht, E. 150; George Sisson, T. 205, 2L; Adolph Ries, T. 210; Adrian Cardova, T. 185; Kenneth Stone, G. 120, 2L; Ray Cottrill, G. 170, 1L; Benny Acursio, G. 140, 1L; Mike Griffin, C. 165, 1L; Joe Wilson, B. 170, 1L; James Baker, B. 160, 1L; Jesse Salazar, B. 140, 1L; John Nigrazzo, B. 145.

Sophomores: Don McCreath, E. 160; Marvin Zeig, E. 175; Emma Vaca, G. 140; Mike Stovall, C. 145; Pete Martin, T. 140, 1L; Ken Johnson, B. 170; Billy Batson, B. 130.

CAMERON

Coach George Kirk states that the Yoemen are not as good as last year at this point. With a lot of the offense gone they are working on filling up the holes and the team is displaying a lot of enthusiasm and spirit.

The ground attack carries most of its power of last year with 186 pound senior all-district fullback Mike McDaniel, quarterback Mack McKinney, all district both ways in 1964, and Doug McFarland, a 176 pounder, moved from end to halfback this season.

Senior tackle James Hosch will lead the line attack with junior talent expected to come through to provide defensive quality.

If the team holds up to its expectation, it could have its best

team since 1936-38.

YOE SQUAD

Seniors: Newton Burnett, E. 161; James Vogelsang, E. 171; Eugene Zaleski, E. 172; Kenneth Angell, T. 175, 1L; James Hosch, T. 187, 1L; Frankie Mikulec, G. 181, 2L; Joe Paul Mueck, G. 168, 1L; Forrest Green, B. 145; Doug McFarland, B. 170, 2L; Mack McKinney, B. 173, 3L; Glenn Hughes, G. 162; Bobby Schiller, T. 166; Eugene Wallace, T. 180.

Juniors: Jimmy Kopriva, G. 164;

Although pre-season predictions do not figure the Rattlers as a contender for the championship, Navasota should have one of the better linemen in 195 pound tackle Don Dixon. Dixon was all-district defensively last year.

Coach McMahon is also counting on 165 pound fullback Kenny McGinty, honorable mention last year, for his running ability.

The Rattlers are said to lack weight and experience and will be

depending on B-team graduates to come through for a first division finish.

RATTLER SQUAD

Seniors: John Hicks, E. 145, 1L; James Gibson, E. 150, 1L; Don Dixon, T. 195, 2L; Leroy Nobles,

G. 175, 1L; Marvin Weaks, G. 165; Johnny McDaniel, B. 150, 1L; Kenny McGinty, B. 165, 2L; Bob Whitten, B. 140, 1L; Jimmy Robinson, B. 145.

Juniors: Ronnie Hermann, T. 180, 1L; John Malco, G. 150; Glenn

Fuqua, C. 170; Charles Baird, B. 170; Daryle Abke, B. 160.

Yoe Football Captains, Five Team Schedule Announced

Coach George Kirk has announced the Yoemen team captains and the Yoe and Ada Henderson football schedules for the 1965-66 season.

Three senior lettermen will share the duties of leading the Yoemen. Mack McKinney, Mike McDaniel and James Hosch will serve as co-captains.

McKinney, quarterback, is a three year letterman and won All-District honors in 1961. McDaniel, fullback, is a two year letterman and was also on the All-District 1964 team. James Hosch is a Yoemen tackle.

The 1964 Cameron football schedule for the five teams is as follows:

Sophomores: David Borrell, G. 162; Mike Miller, C. 120; Wayne Kirk, B. 170; Glenn Fogle, B. 151; Jim Lafferty, E. 152; James Dohnalik, B. 158.

ROCKDALE

Coach Raymond Birchfield's 1965 crew will host only five lettermen and one starter from a 7-3 unit of 1964 but with his B-team strength of last year, could be a spoiler when district play comes around.

Center Ronnie Hefflin is the only starter up front but with the help of such hands as end Bobby Moorman and guard Carey Offield, they could be enough to inspire the younger players to do outstanding work in the line.

Jimmy Keen, a 165 pounder letterman is expected to lead the quarterback slot with 190 pound senior halfback Tommy Thweatt adding extra running ability.

Coach Birchfield noted that experience-wise Rockdale now has the weakest team since 1955 but hopes that the winning spirit will carry over.

TIGER SQUAD

Seniors: Bobby Moorman, E. 175, 1L; Dean Stiles, E. 155; Jim Hirt, G. 145; William Stork, G. 150; Ronnie Hefflin, C. 175, 2L; Jimmy Keen, B. 163, 1L; Tommy Thweatt, B. 189, 1L.

Juniors: Buddy Sattles, E. 165; Charles Diver, T. 163; Robbie Robertson, T. 185; Gary White, T. 139; Richard Hobbs, 153; Andy Jackson, G. 170; Cary Offield, G. 175, 1L; Joe Cleveland, C. 190; Wayne Black, B. 145; Mike Brannon, B. 175; Edward Lerma, B. 140; Mike Reek, B. 175.

Sophomores: Glen Cimelar, E. 190; Billie Bob Farr, T. 180; Jerry Young, T. 180; Mike Speer, G. 135; Stanley Bower, B. 153; Macario Flores, B. 140; Vernon Guest, B. 140; Gary Don Tuma, B. 160.

NVAASOTA

New coach Charlie McMahon looks forward to a slightly better team this year and hopes to improve the 2-8 season of last year.

**"BULL" AT FULLBACK**—The 194 pound 5'11" fullback, Mike "Bull" McDaniel will help round out a backfield that carries more weight and experience than previous Yoe teams. He is one of five returning lettermen and four will be working in the backfield. Hosch is the only lineman since 6'1", 167 pound Doug McFarland had moved from end to halfback. The Yoemen will also have starter Don Manley, 5'9", 147 pound right halfback, and McKinney. The backfield will also have the power of James Hoskins, Forrest Green, Bill Goeke, Leo Michalka, Wayne Kirk, Jack McKinney and James Dohnalik. "Bull" will serve as co-captain with McKinney and Hosch.

## HDNews

The Sub-Committee on Aging met August 17 and continued work on survey report forms received from local churches.

Many good ideas were received from suggestion boxes picked up, such as: An organized read-to-the-elderly club, need for organized craft programs geared to the senior citizen, the need for better nutrition and diets for the senior citizen, the need for better nutrition and diets for the senior citizen. Many suggestions were made by senior citizens themselves such as: the need for senior citizens to stay active, visit friends and those less fortunate; enjoy every minute of life as it is presented; walk, exercise, enjoy nature. The most outstanding suggestion made by one senior

citizen was, "Don't ask for help until you have helped yourself all you can."

The idea of again having a Golden Age Meeting in surrounding cities was discussed for October. The possibility of having Senior Citizen Clubs in Milam County was also discussed.

The members of the Sub-Committee on Aging present were Mrs. Lloyd Lamere, Mrs. R. W. Newton and Mrs. George Young.

The Yearbook Committee had its second meeting August 18. At this meeting the programs for 1965 were pulled from checkbooks returned from clubs. (If any HD Club has not had an opportunity to select their choice of programs, be sure and contact Miss Ramke.) The program selection will not be complete until your suggestions are considered.

The program suggestions are as follows for 1965 HD Club programs: Clothing—Social and Personal Aspect of Clothing for the Older Woman (special interest), New Problem Fabrics, Stretch Fabrics & What Can Be Expected, Buying Fabric, Clothing Workshop on Basic Clothing, Interfacings and Their Place in Wardrobe, Technique of Pressing; Foods & Nutrition—Meals for the Family, Christmas Food, Gelatin Dishes, Basic Nutritional Needs of Older Groups, Nutritional Needs of Aging Group, How to Plan a Party, Proper Food Service, Meat Grades, Food Fads and Fallacies, Why Eat Breakfast: Home Management—Income Tax, Time Management, How to be a Proper Hostess, Etiquette at Table, How Money Can Buy Money; Housing & Landscaping—Landscaping Principles and Planning, Characteristics of Good Household Accessories, Decorating the Home on a Budget; Family Life—(special interest) Understanding Young People.

From these suggestions received, those with the greatest degree of club acceptance will be placed in 1965 HD Yearbook.

## Plain Housedress Vanishes In USA

### COLLEGE STATION

The plain cotton housedress, once standard attire for the American homemaker, has all but vanished from the scene. From a fashion standpoint, it's a good thing, says Lynn Parks, Texas A&M University Extension consumer education specialist.

Taking the place of the housedress is a wide range of stylish, comfortable cottons that combine fashion and practicality. Today's homemaker wears smart-looking A-line smocks, cotties, knee-length jumpsuits, or trim smocks.

Unlike the housedress, these versatile styles are designed to be worn outside the home as well. The new fashions come in com-

fortable, easy-care cottons like popular chambray denim. This fabric is a favorite in the modern homemaker's wardrobe, because it washes well, needs only touch-up ironing and won't shrink.

### Protecting Axe Blades

A sharp blade axe or hatchet is dangerous to have around camp, if not protected.

Keep all such tools covered by forcing a length of ordinary garden hose (suit length-wise) over the cutting edge.

Hose is rigid enough to remain clamped firmly in place when the blade is not in use.

## County Agent's Notes

## Defoliate For Higher Profits

By J. D. Moore

Arsenic Acid is the chemical most widely used to defoliate cotton in Milam County. A number of fields will be treated the last week in August and first week in September.

### When to Apply

When 60 per cent or more of the bolls are open, it is safe for

most defoliants to be applied. Desiccants should be applied when more than 75 per cent of the bolls are open under dry land conditions, according to Fred Elliott, cotton work specialist. Under irrigation, apply desiccants when more than 80 per cent of the bolls are open. Plants are considered suitably mature if the youngest bolls cannot be dented by pressure between the thumb and forefinger or cannot easily be cut through with a sharp knife.

Disregard of these recommendations and applying defoliants or desiccants too early results in (1) reduced yields per acre (2) lower micronaire reading and (3) weaker fiber. Thus quality is lowered causing cotton to suffer at the market place.

### Use of 2-4-D

2-4-D may be used as a part of the defoliation program without restrictions during the period

## Schiller To Attend

### Livestock Meeting

State Rep. Milton Schiller will participate in a meeting of livestock industry leaders Tuesday, August 31, in the House Chamber of the State Capitol. Schiller is invited to the meeting by Agriculture Commissioner John C. White "because of your important position as a member of the House Livestock and Stock Raising Committee."

In addition to leading livestock producers, the meeting will be attended by people from all areas of the livestock trade. A key speaker will be Dr. Jim Stevenson, Director of Economic Research for Armour and Co. of Chicago. Stevenson is considered an authority on the meat import question.

Also on the program will be Dolph Briscoe who will report on the progress of the International Screwworm Eradication Agreement, House Speaker Ben Barnes and other state officials.

## 4-H CLUB Notes

By Ronald L. Bailey

### STATE HORSE SHOW

Four Milam County 4-Hers and their parents attended the State 4-H Horse Show in Dallas Aug. 12-14. There were 303 4-Hers from all over the state attending the horse show. Although Milam County 4-Hers did not place in the show, they rated high in their performances. Out of the 303 in each class, only the top 10 received placings.

4-Hers and parents that attended were: Mr. and Mrs. Batte and Abbie Gayle; Mr. and Mrs. Don Roddam, Shelly and Renda; Dr. and Mrs. Lyle McDermott, Martha and Murray.

### RECORD BOOKS

For the past three months, 4-Hers in Milam County have been busy working on their record books. These records show how boys and girls develop in leadership and citizenship.

There were 55 record books turned into the County Agent's Office. The boys and girls who have turned in record books in the following awards programs are: Junior Dress Review—Barbara Tomek, Beth Brook, Kathy Matula, Phyllis Hanel, Cynthia Mitchan, Mary Matula, Cynthia Matula, Connie Ellis, Pam Mitchan, Jennifer Kostroun, Rosalie Stainslaw, Mary Stainslaw, Barbara Vansa, Patsy Tepera and Kathy Kostroun; Senior Dress Review—Betty Margaret Orr, Patsy Stephens, Jane Weid, Frances Urban and Barbara Jackson; Junior Clothing—Barbara Tomek, Kathy Matula, Cynthia Matula; Senior Clothing—Betty Margaret Orr; Junior Foods—Patsy Tepera, Anita Litzman, Peggy Stephens, Veronica Tepera, Patricia Hollas, Judy Hollas, Phyllis Hanel, Rebecca Hanel; Junior Home Economics—Sebbie Hanel and Mary Carolyn Matula; Senior Home Economics—Patsy Stephens, Money Management—Janet Marek; Agriculture—Arthur Jistel; Beef Cattle—David McClaren; Dairy—Eugene Vaculin and Billy Grimm; Swine—Richard Vaculin, Roger Rodenbeck, Terry Drummond and Deborah Stephens; Electricity—Michael Darlik, Julius Tepera, John Hanel and Frank Hanel; Garden—Joseph Jistel; Horsemanship—Paul Curtis McDermott and Recreation—Wayne Jistel.

These records will be judged, and the best ones in each subject will be sent to district and judged against those in a 20-county area August 25.

### 4-H SWINE SHOW

The County Sears and Farm Bureau Gilt show will be held August 28, 8 a.m. at the livestock auction barn. The judges for the show are: Henry Richter, local swine breeder, C. A. Smith Jr., Vo-Ag Teacher at Buckholts High School, and Joe Walzel, student at Texas A&M University.

## Insure Your Wife?

### 6 Of 10 Women Carry Some Life

#### COLLEGE STATION

One issue that frequently comes up for family discussion is should a wife be insured as well as her husband, says Mrs. Wanda Meyer, home management specialist at Texas A&M University.

A man will try to carry a sufficient amount of insurance on his own life because he is usually the breadwinner. His family, if deprived of his income or insurance benefits to replace it, would have a difficult time getting along.

But family counselors point out that the financial importance of a woman to her family should not be underestimated. It should be weighed very carefully when life insurance needs are being considered.

If a wife were to die, someone would have to be hired to care for the children and to per-

form the many household tasks for the family. The cost of competent full time nursemaids and domestic help can be very steep.

This is why many families make an honest evaluation of the wife's contributions to the family and how much it would cost to replace her. They evaluate her contributions in monetary terms when they consider the family's insurance program.

Currently, about six out of ten women in the nation own some kind of life insurance policy.

### TREAT LEAKING PONDS

Now you see it, now you don't—your pond water, that is. If the soil in your area is of a certain type, a leaking pond and an unsure water supply is possible, says C. W. Keese, Extension agricultural engineer, Texas A&M University. He suggests two solutions for the problem, depending on soil composition—use of sodium compounds of bentonite, a powder-like clay.

Early Spanish soldiers in Texas, regarded as employees of the government, were required to furnish their own uniforms, horses, arms and feed.

## It Takes Time . . .

The projected Cameron Public Library comes up for bids in mid-September after final approval by building committee members Monday.

This project should be underway sometime in October.

Finalization of plans for an expanded Cameron Airport are underway, officials advise The Herald. And of course the Cameron Chamber Industrial Commission's "Economic Clinic" and "Town Meeting" September 14 herald a considerable step forward in the Cameron area.

When we anticipate such major projects, it seems a long time getting them

underway. But, when they are done properly, as we are confident these projects are, the seeming delay is rewarded.

Progress is much like eating a meal. It can be taken in gulps, hardly digested in a nervous stomach. Or it can be enjoyed, savored in the knowledge that good preparation assures even digestion.

That is the way of thorough study of the elements going into a library or an airport or a community program of the far-reaching dimensions of that "Cameron Economic Development Clinic."

Good things take time.

## End Of The Ride For Crime

Americans for some time had a feeling of helplessness in the face of rising crime statistics. Now there is dramatic evidence that the tide can be turned, that streets and parks and subways can once again become places of public safety.

Last April New York City in the throes of a crime wave on the subways, assigned 800 policemen to patrol all trains and stations between 8 p.m. and 4 a.m. and widely publicized the fact. The results? Since that time felonies committed on the city's subways are down by a massive 60 percent.

A New York City transit commissioner called it "the most successful effort in the control of crime anywhere in the United States." Crime control, he said, depends upon "carefully selected and trained men in blue, armed—and visibly so." Success was partially due to the fact that these men were backed by effective communications equipment, in which the New York

Transit Authority has pioneered.

Ultimate solutions to the crime problem go much deeper, of course. But New York City's experience suggests that there is a practical, immediate remedy—the visible presence of well-equipped, determined law enforcement authorities.

New York City has still a long way to go, especially aboveground. But its present success belowground is an impressive beginning. If other cities are willing to provide the men and money needed to control crime in their streets, New York's experience should encourage them that they can succeed.

President Johnson has just established a high-level national committee to study all aspects of crime origin, crime growth and crime prevention. New York City's success on the subways is welcome evidence that foresight and action can have positive results in the war on crime.

### FORMOSAN TERMITE FOUND

Plant pest control specialists of the USDA's Agricultural Research Service report that a subterranean termite from Formosa has slipped into the Houston area. This is the first infestation of the insect in the continental United States although estimated damage in Honolulu, Hawaii is nearing \$2 million.

### PORK PRICES UP

An insufficient supply of slaughter hogs has caused the current increase in pork prices. Ed Uvacek, Extension livestock marketing specialist, Texas A&M University, says that housewives are now paying around one dollar for a pound of good quality bacon and from all indications prices will remain above normal throughout 1965.

### SUMMERTIME TOMATO

A new variety of tomato developed to produce during the hot summer months is doing well at the Plant Disease Experiment Station, Yoakum. The new variety, Summertime, was developed by Dr. Arthur Harrison, plant pathologist at the Yoakum Station.

## Lines Drawn In Senate Seat Vote

AUSTIN

As absentee voting gets under way for the September 7 election on the proposed constitutional amendment to increase size of the Texas Senate from 31 to 39 members, battle lines are drawn.

State AFL-CIO is leading the opposition. It charges that the proposal is a "pig in a poke" offering no guides as to where the new districts will go.

"Committee for Fair Representation," made up primarily of trade and industrial association representatives, contends that Texans would get "proper representation without jeopardizing the interests of sparsely-settled areas" by adding eight new members to the Senate.

Lobby groups acknowledge they favor the plan because increased membership would cut down a senator's work load somewhat and make it easier to communicate with him.

The enlargement amendment, which triggered one of the 59th Legislature's most bruising battles, was intended to take some of the sting out of legislative redistricting by making it possible for most incumbent senators to keep their jobs.

Big city forces are divided, while most rural interests tend to favor a 39-member Senate.

Whether either campaign affects the expected light voter turnout remains to be seen. Most predictions are that the amendment will fail.

**CRIME NEWS STUDY**

First three members of the Legislature's 11-member "Interim Committee To Study News Media on Proceedings in Criminal and Civil Courts" have been named by Lt. Gov. Preston Smith.

They are Sens. Dorsey Hardeman of San Angelo, Culp Krueger of El Campo and Bruce Reagan of Corpus Christi. Yet to be named are three members from the House of Representatives, three from the news media and two from the State Bar of Texas.

Panel resulted from controversy over deletion of a provision from the new Code of Criminal Procedure which would have severely restricted pre-trial news coverage. New code takes effect January 1.

Study committee was authorized to take a sharp look at existing coverage.

**AG RULES**

In requested opinions, Atty. Gen. Waggoner Carr has held that:

Texas Western College cannot use money appropriated by Legislature for tuition scholarships to aid students living in Juarez, Mex.

Sections of a new act instituting jury wheel system in Young, Titus and Kerr counties are unconstitutional "local and special laws."

El Paso County commissioners have no authority to grant an easement across Ascarate Park for an underground gas pipeline.

A city, after annexing an area including a county road, does not need permission of county to abandon and close such road or street.

**APPOINTMENTS**

Gov. John Connally has announced his first appointments in a series of several needed to get newly-designated agencies in gear.

His choices for the Texas Commission for Indian Affairs are Dempsey Henley of Liberty, W. R. Beaumier, publisher of the Lufkin Daily News, and Ed Easterling of Beaumont, former District Attorney of Jefferson County. As Mayor of Liberty, Henley worked with the Alabama-Coushatta Indians to help achieve their severance from the State Board of Hospitals and Special Schools and self-government under guidance by the Commission.

James B. Swann of Houston has been named to head new Texas Industrial Commission office of export expansion.

Rep. Will Smith of Beaumont is interim chairman of a committee to plan office construction for House members.

**OIL ALLOWABLE HELD**

Texas Railroad Commission set September oil allowable at 23 per cent of potential, same as the previous month.

Allowable amounts to move than 2,300,000 barrels a day, 41,000 less than for August. Commission emphasized this level would prepare industry for demands of peak winter months.

On September 1, Commission will set up District 8-A, composed of 21 West Texas counties. They are Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Kent, Gaines, Dawson, Borden and Severy.

Commissioners say the new district will promote efficiency in administering oil and gas conservation laws.

**SCREWORM BATTLE**

Federal-state air invasion against the screwworm fly was stepped up during July with the release of 632,000,000 sterile screwworm flies over Texas, New Mexico, Arizona, California and 12 Mexican states.

## OLD PHILOSOPHER

Sage Claims Figures Prove Patients —  
Get Well Faster As Medical Costs Increase

Dear editor:

The main thing you can say for statistics is that they furnish work for the people who compile them.

A couple of items I read in a newspaper last night got me thinking about this.

One said that the government now considers a man is living in poverty if his income is below \$3,000 a year, but it didn't say whether it was talking about a man and his wife living in a house in the country with a garden and income of \$2,995 a year, or a man in the city with \$2,995 and ten kids and two brothers-in-law. Maybe both of them are poverty-stricken, but one of them sure is more stricken than the other.

The other statistic said it has now been established that the average hospital stay is only half as long as it was 25 years ago. The average stay in 1935 was 14 days and today it is 7.7 days.

The group putting out this statistic said the reduction was due to better medicines, new equip-

ment and improved treatment.

What the statistic failed to mention was that the cost of a hospital stay has more than doubled in 25 years.

There is no doubt that medicines, equipment and treatment have improved, but I was just thinking, you reckon the fact it costs twice as much now has anything to do with a man's cutting his hospital stay in half?

Now a good man at statistics could take this and figure out that if you double the costs of hospitalization you half the length of stay, then if you double the costs again you half the length of stay again, so that finally, if you got the costs high enough, nobody would show up at the hospital and the statistical news could be announced that for the first time in history nobody is confined to a hospital and therefore the nation is 100 per cent healthy.

To keep them from going to waste, the hospitals could then be used to confine the statisticians.

Yours faithfully,  
J. A.

## Question:

Is there anything that costs half as much today as it did in 1945?

## Answer:

Yes, and it's something you use every day. It's not food . . . clothing . . . or your home.

It's electricity.

Today, the average per-unit price of electricity provided by TP&L to its residential customers is only about one-half as much as it was 20 years ago.

One penny's worth of electricity will vacuum 12 average-sized rugs . . . pop up 20 slices of toast from your toaster . . . provide a full hour of television entertainment . . . play your radio three hours . . . keep food frozen four hours.

So, when you receive your next electric service bill, consider the number of electric appliances in your home and the many jobs they perform. We believe you'll agree that the cost of electricity is the biggest bargain in your family's budget.

## TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

## A HORSESHOE OVER THE DOOR

Very useful in protecting the hoofs of horses and an important part of the equipment in the enjoyable game of pitching horseshoes. However, to expect a horseshoe placed above the door, in or about one's home, to ward off all danger and trouble and to bring health, wealth and solve all problems is putting faith in a power that does not exist.

The promise found in the Scriptural passage to the effect that "where two or three are gathered together in prayer, there God will be also," is worth more than all of the horseshoes or other charms in existence, in so far as true well-being is concerned.

Attending church is an infinitely better and more wholesome source of bringing true blessings, for at church one may always find fellowship where two or more are willing and happy to join in prayer. If entered into whole-heartedly the Church will lead the way to power and joy such as horseshoes can never generate within one.

## Special Bulletin: How To Get Killed In Labor Day Traffic, Given By TSA

AUSTIN — A special bulletin on how to get killed in holiday traffic was issued today by the Texas Safety Association.

The bulletin, "How to Do-It-Yourself—in Holiday Traffic," is a reversal of the safety group's usual stern warnings to drive cautiously when traveling on the state's streets and highways during the holiday weekend.

The revolutionary bulletin is not intended as a psychological approach to curbing traffic accidents, according to J. O. Musick, TSA General Manager.

"It's simply a special 'how-to-do-it' bulletin, as the name suggests," he explained.

"It is for those drivers who feel they have a built-in personal immunity to accidents and therefore can disregard any or all warnings about safe driving on holidays."

The bulletin is based on the five major driver errors involved in fatal traffic accidents in Texas last year over the Labor Day holiday weekend.

Topping the list of driver errors is 1) failure to yield the right of way.

"This is a 'sure-fire' killer," the safety director commented. "All a driver has to do is throw caution and courtesy out the window."

For the past three years the Association has stressed the necessity of being cautious and dis-

playing courtesy while driving in holiday traffic.

The other four fatal driver errors cited in the bulletin, in order of importance, are: 2) driving at a speed excessive for existing conditions; 3) driving faster than posted speed limits; 4) driving while intoxicated and 5) driving on the wrong side of the road.

Does the new bulletin mean the Association has given up trying to get Texas' five million drivers to put safety "first" during holidays? Musick says not.

"The usual safe driving tips will be released for those who sincerely try to stay alive," he said. "But, for those who don't—well, here's 'how-to-do-it.'"

## BURLINGTON

By Mrs. George Logan  
BURLINGTON — 1ST Sgt. Roy Lee Lindsey and two sons, Shawn and Roy Lee of Hillsboro have visited his parents, Mr. and Mrs. Roy Lee Lindsey Sr., here. He was stationed 13 months at an air force base at Kimpoo, Korea. He returned from there Aug. 6. He and his wife and three sons are to leave soon for Francis E. Warren Air Force Base at Cheyenne, Wyo., where he will be stationed for about one year.

Mr. and Mrs. Rocky Stone and their daughter and family of Galveston visited relatives here last week.

David, Kevin and Joel, sons of Mr. and Mrs. Albert Stoetner of Garland spent some time here with relatives. Their parents came for them on Sunday and visited Mr. and Mrs. Phil Krause.

Mrs. Henry Helpert entertained the 42 Club at her home Tuesday. She served delicious refreshments.

Mr. and Mrs. Harold Schonhoef and four daughters of Independence, Mo., have visited Harold's parents, Mr. and Mrs. Ray Schonhoef. Harold is married here. The Harold Schonhoefs also visited his brother Eldon and family at La Grange. They and relatives here visited Mrs. J. N. Bowen who had surgery in Scott and White Hospital in Temple. Her condition has improved.

Relatives here attended the funerals of Mr. Joe Hall in Temple and Lee Montgomery both on Sunday.

Ed Martin of San Antonio spent several days here with relatives. Mr. and Mrs. Oscar Kalfous of Temple and Mr. and Mrs. Raymond Pimpler of Ben Arnold were guests of Mr. and Mrs. A. E. Hensel here.

Norma Jean Hensel of Waco and Marsha Schiller of Houston spent a week here with Mrs. Tillie Schiller and other relatives.

Mrs. Vera Gibbs of San Francisco, Calif., is spending a week here with her parents, Mr. and Mrs. Joe Holcik. She is to leave soon for New York City where she will be employed.

## THE FAMILY LAWYER

### Bargain Day Crowds

Just after World War II, in the heyday of scarcities, a grocery store received a shipment of hard-to-get margarine. The manager dropped a carton in a narrow aisle and sang out:

"Oleo! Come and get it!" In the ensuing stampede, a woman shopper was injured. In due course she sued the market, pointing out that the manager should have known—from two previous stampedes—what to expect. And the court granted her substantial damages.

A store does not guarantee each customer absolute protection from the actions of other shoppers. But a store may be held liable if, by its own negligence, it permits a crowd to become dangerous.

In another case, a large crowd jammed the entrance of a department store on the opening day of a sale. The management let only a few shoppers in at a time, allowing the rest to surge impatiently against the glass show windows. There were no guards, no barricades, no warnings of danger. Finally the glass cracked, and a woman was badly cut. Here, too, a court held the store liable for failing to prevent an accident that it could reasonably have averted.

However, the mere presence of a crowd does not necessarily make the store liable for mishaps. Not only must there be negligence on the part of the management but also there must be a sufficient cause-and-effect connection between the crowding and the injury.

For Example, A woman was seated at the hoisery counter of a department

Reversing Line

Reversing the line on a reel can be a dreary job at best. But you can make the operation ten times easier by using your home as a king-size spool.

Tie free end of the line to a corner post, or door knob, or any other handy projection, then walk around the house until reel is unwound.

This is guaranteed to prevent tangling.

### IT'S A LIVING

## Nola Knows

By Nola White

Dear Nola: My son and his wife hate each other. I've always taken my daughter-in-law's side to try to keep the marriage together, but my son has left and refuses to go back. What should I do?

—Failure  
Dear Failure: I hesitate to call you that, but since it's what you chose, I shall. I don't think there's much to be gained by trying to persuade two people who hate each other to live together. There are probably children involved, so it's a pity they didn't recognize their feelings a long time ago. Do your best to see that your son supports the children, if any, and fulfills his other responsibilities as a father. Try to maintain a friendly relationship with your daughter-in-law, but don't take sides any more. It's too late.

Dear Nola: I'm having a baby in October. It's my second child. When I had my first everybody in the family made such a fuss over me that I felt like I was in a spotlight all the time. Now nobody acts much interested except me. It takes more courage to have a second baby. Why aren't they more considerate?

—Mother-to-be  
Dear Mother: The members of your family are under no obligation to you because you're having a baby. If you're having children to attract attention, maybe your second should be your last. I'd suggest you spend the next few months making such a fuss over

your husband and first child that they feel like they're in a spotlight all the time. Then you won't have time to feel sorry for yourself for having an "inconsiderate" family.

Dear Nola: Before John and I married, I had a good job and my employer is anxious to have me back. I like to work and we could use the money, but I'm afraid John won't love me as much if I work. I've always heard it boosts a man's ego to know his wife is dependent on him. Should I work or not?

—Undecided  
Dear Undecided: I think the time has long since passed when a man felt "unmanly" to have a working wife. But it takes all kinds to make the world, so you should have a heart-to-heart with John about this. If he seems reluctant at all, don't do it. Chances are he'll be happy to have the extra income.

Dear Nola: What do you think of a man of 61 marrying a woman 49? They both have grown children living at home, and she has a better job than he does.

—Interested Party  
Dear Interested: I think they should make the children move.

## SELF ANALYSIS QUIZ

### Are You Living With A Bored Husband?

By Jane Sherrod Singer

Alas, too many women do not realize that when their husband's interests go out the window, he is likely soon to walk out the door. Wives are prone to disregard some of the danger signals and to shrug them off as a natural stage of marriage. Ladies, beware. Take this quiz and see if your matrimonial stage is sagging.

1. Does he refer to "your" children, "your" house, "your" friends instead of "our"? ( ) ( )
2. Is your husband perpetually too tired to help in the house or yard, to spend time with the children or neighbors? ( ) ( )
3. Does he often look disgusted or express displeasure with the appearance of the house? ( ) ( )
4. Does he groan or complain about every bill he has to pay? ( ) ( )
5. Do your problems seem to irritate him? ( ) ( )
6. Does he comment favorably about something relatively unimportant but new -- a dress, a new recipe, a change in furniture arrangement? ( ) ( )
7. Does he say, "I know" or "no" before you finish a statement? ( ) ( )
8. Does he seem eager to find reasons to go out alone and/or urge people indiscriminately to come to your house? ( ) ( )
9. Is he often silent at home for days at a time? ( ) ( )
10. Has he ceased to use some pet term of endearment? ( ) ( )

### SCORING:

- Count the number of YES answers.
- 0-3 Yes-answers: You stand on solid footing. If your husband is this alert and happy, keep him so. Marriage is no time to relax.
  - 4-7 Yes-answers: Madam, you are teetering on a ledge. You, and only you, can analyze the problems. With some careful thought, you can eliminate the problems.
  - 8-9 Yes-answers: No doubt you are either unhappy or you don't care about your marriage. Perhaps you could talk this quiz out unemotionally and the two of you can get to the source of your untowardness.
  - 10 Yes-answers: This is the most challenging score of all. Unless you and your husband are content to live in separate isolated emotional and mental cells, it is up to you to use every wile known and perfected by the female of the species. Don't show him this quiz. Take each point. Plot and plan to make the answer NO one year from today. You could, however, get help from qualified people such as your doctor or members of the clergy. Keep friends and relatives out of this project.

## LEGAL NOTICE

## CITATION THE STATE OF TEXAS

TO: Jewel Page and Etta Jean Page, their legal representatives, and the unknown heirs of the said named defendant, greeting:  
 You are hereby commanded to appear before the honorable District Court of Milam County, Texas, at the Courthouse thereof in Cameron, Texas, by filing a written answer at or before 10 o'clock a.m. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of September 1965, to plaintiff's petition filed in said court on the 26th day of July, 1965, in this cause numbered 15539 on the docket of said Court and styled Mutual Savings Institution, plaintiff, vs Jewel Page, et ux, defendants.

A brief statement of the nature of this suit is as follows:  
 A trespass to try title suit in which plaintiff for cause of action would respectfully show the Court the following, to-wit: That for a period of more than five years before the commencement of this suit, plaintiff was lawfully seized and possessed of the following described land and premises situated in Milam County, Texas, holding and claiming the same in fee simple, to-wit:

All that certain lot and parcel of land lying and being situated in the City of Rockdale, Milam County, Texas, and being a part of Block 129 of said City and more fully described as follows:

Beginning at the N. E. corner of said lot in the West line of Rice Avenue 50 feet to the south-foot along the north line to the N. W. corner of this; Thence southerly parallel with the west line of Rice Avenue; Thence westerly 30 feet to the southeast corner of this, in the west line of Rice Avenue; Thence northerly tere upon said premises, and along the west line of Rice Avenue 50 feet to the place of beginning and being a lot 50 x 80 feet in size out of the northeast corner of the said lot.

That defendants unlawfully ejected plaintiff therefrom and unlawfully withholds from it the possession thereof to its damage. Plaintiff prays for judgment for title and possession of said land and other and further relief to which it is entitled as is more fully shown by the plaintiff's petition on file in this suit.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law and of mandates hereof and make due return as the law directs. Issued and given under my hand and seal of said office at Cameron, Milam County, Texas, this the 2nd day of August, 1965. Signed: Grady Allen, District Clerk, Milam County, Texas. 20-11c

In spring I'll wait for roses red, when faded the lilacs blue. In early fall when brown leaves fall, I'll catch a glimpse of you.

Should you go first and I remain, for pattles to be fought Each thing you've touched along the way will be a hallowed spot. I'll hear your voice, I'll see your smile, tho blindly I may grope.

The memory of your helping hand will buoy me on with hope. Should you go first and I remain, one thing I'll have you do:

Walk slowly down that long long path, for soon I'll follow you. I want to know each step you take, so I may take the same. For someday down that lonely road,

you'll hear me call your name. In memory of my husband, Raymond Shafer, who died Aug. 30, 1963.

sign of

Prices Effective: Aug. 26, 27, 28

## WE DELIVER

The smoke signals are up for a heep  
big pow-wow this week-end at  
Minimax. You won't find any Indian  
Givers, just plenty of Honest Injuns.  
So pull out bonnet because Minimax  
has declared war on prices. P.S.: You  
won't need too much Wampum.
